## PRODUCT DATA SHEET

EVER GREEN®– Style No: CHILL-IN CUT ‘N WRAP™ CHW

For additional information please contact [sales@auburnmfg.com](mailto:sales@auburnmfg.com)

**Description:** EVER GREEN® CHILL-IN CUT ‘N WRAP™ CHW is an engineered modular insulation blanket designed for use on chilled water piping components where water vapor condensation control is one of the primary considerations. The composite contains a fiberglass core sandwiched between woven fiberglass fabric and laminated to a very low permeance, multi-layered facing on both sides.

| TECHNICAL DATA                   | IMPERIAL                                    | METRIC                    |
|----------------------------------|---|---------------------------|
| NOMINAL WEIGHT:                  | 12.5 OZ/FT <sup>2</sup>                     | 4 kg/m <sup>2</sup>       |

| (ASTM E96, PROCEDURE B)          |   |                           |
| R / K VALUES @ 50° F:            | 4.76 R / 0.21 Btu-in/hr-ft <sup>2</sup> -°F | 0.86 RSI / 0.03 [W/(m*K)] |

### PRODUCT HIGHLIGHTS

- ❖ Insulation for chilled pipe fittings & equipment.
- ❖ Designed to be cut to size at the job site, installed using a matching pressure sensitive tape to cover all raw edges. Product designed as removable and reusable.
- ❖ Standard Colors: Ice white.
